Training and Awareness Center

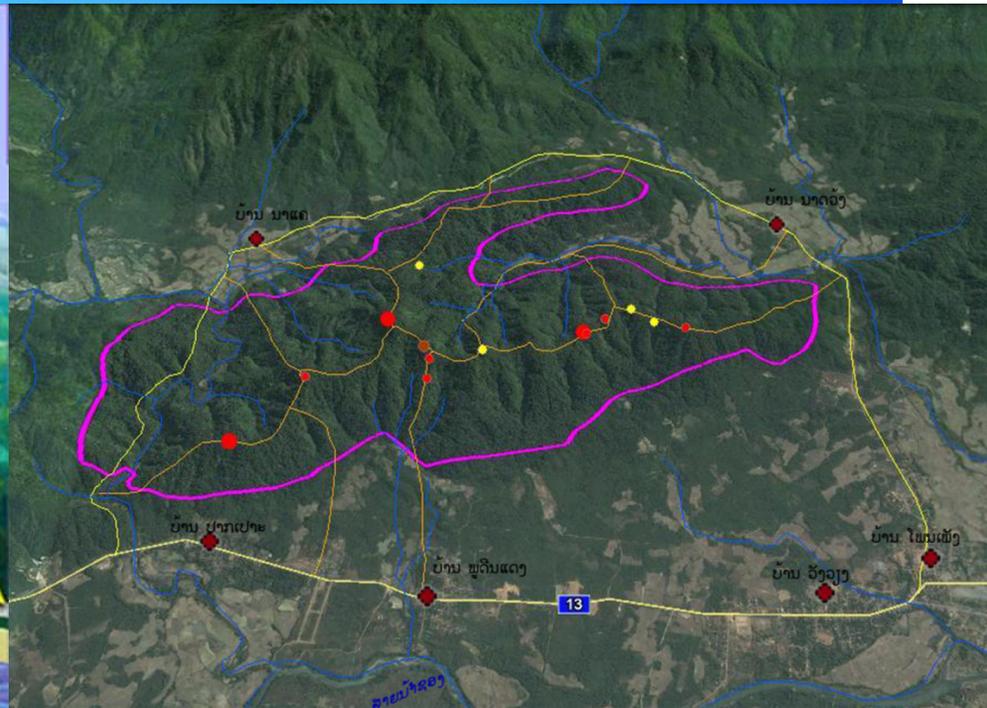

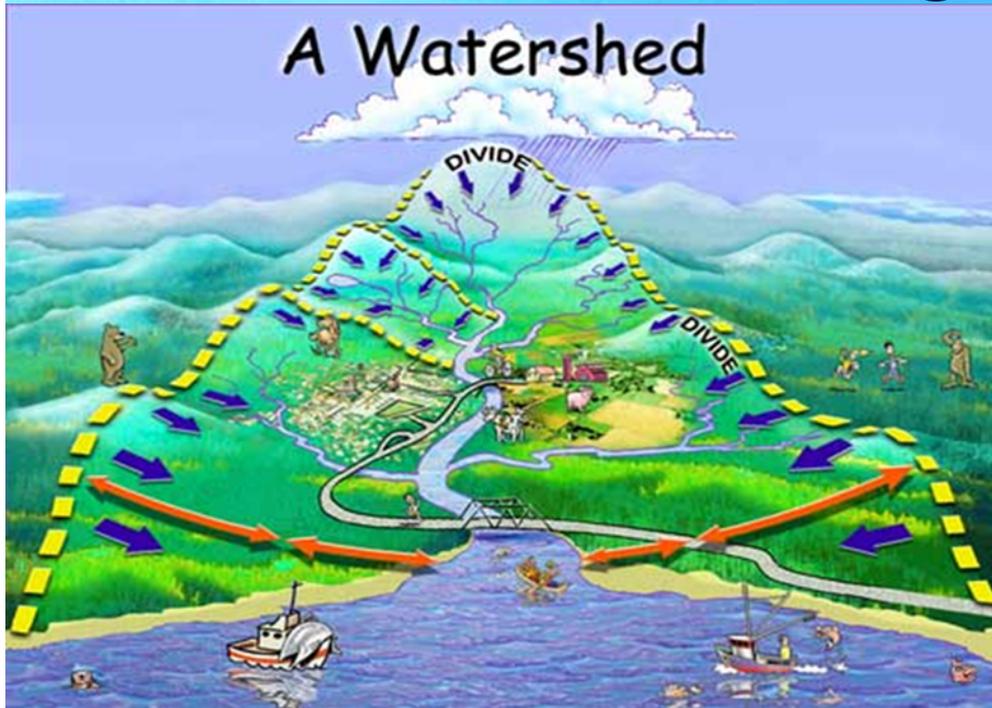

Department of Water Resources (DWR)

Ministry of Natural Resources and Environment

(MONRE)

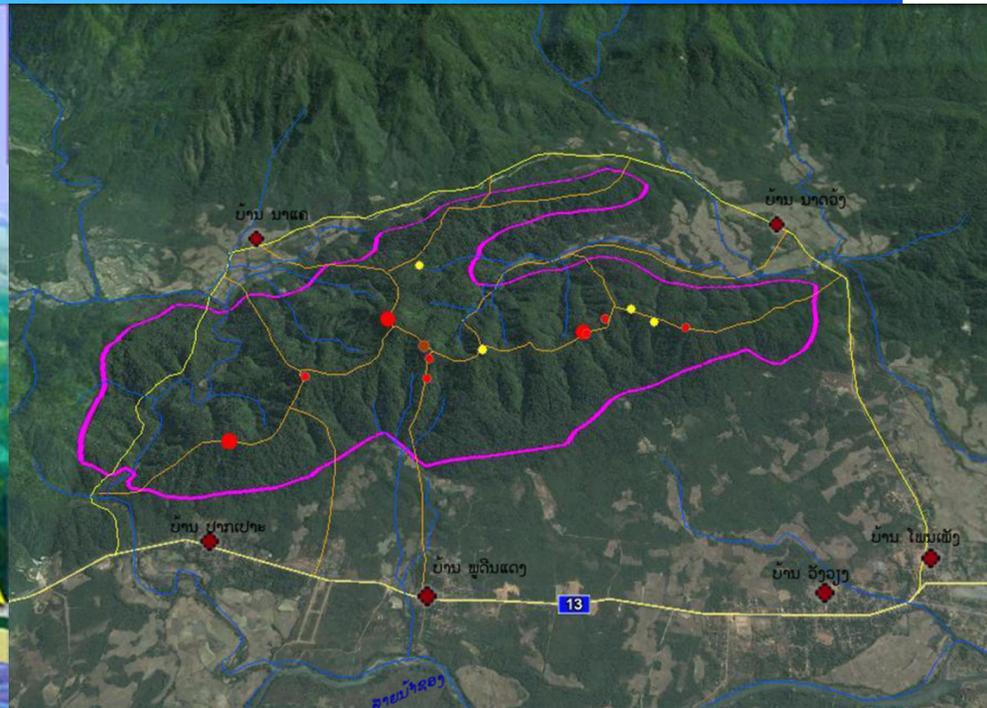

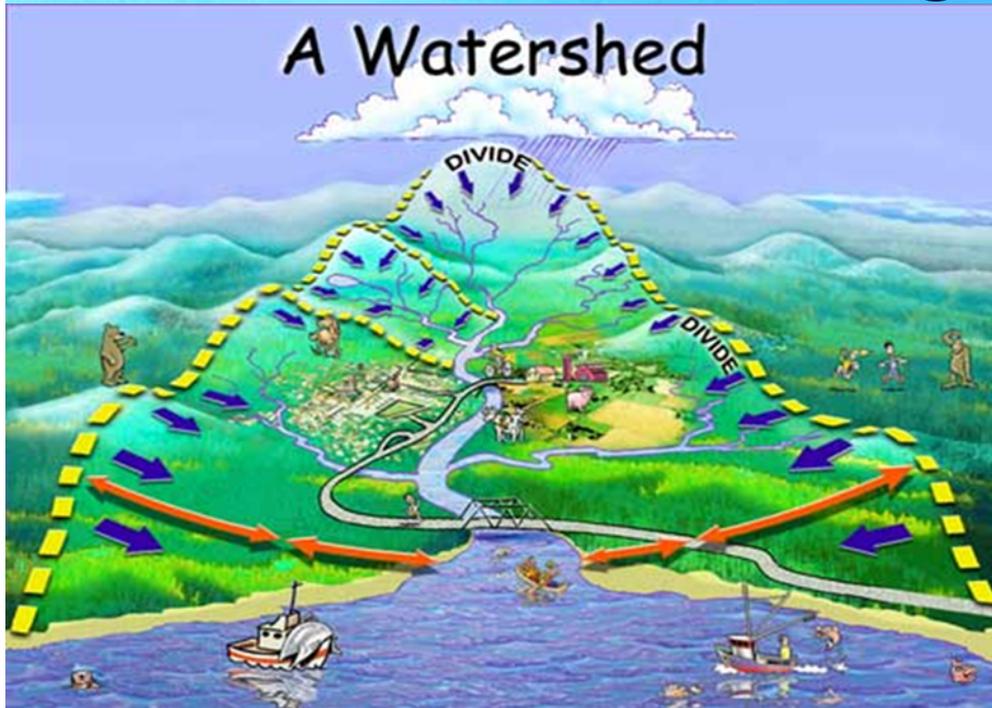

Lao PDR

National Demonstration Site On Integrated Water Resources Management

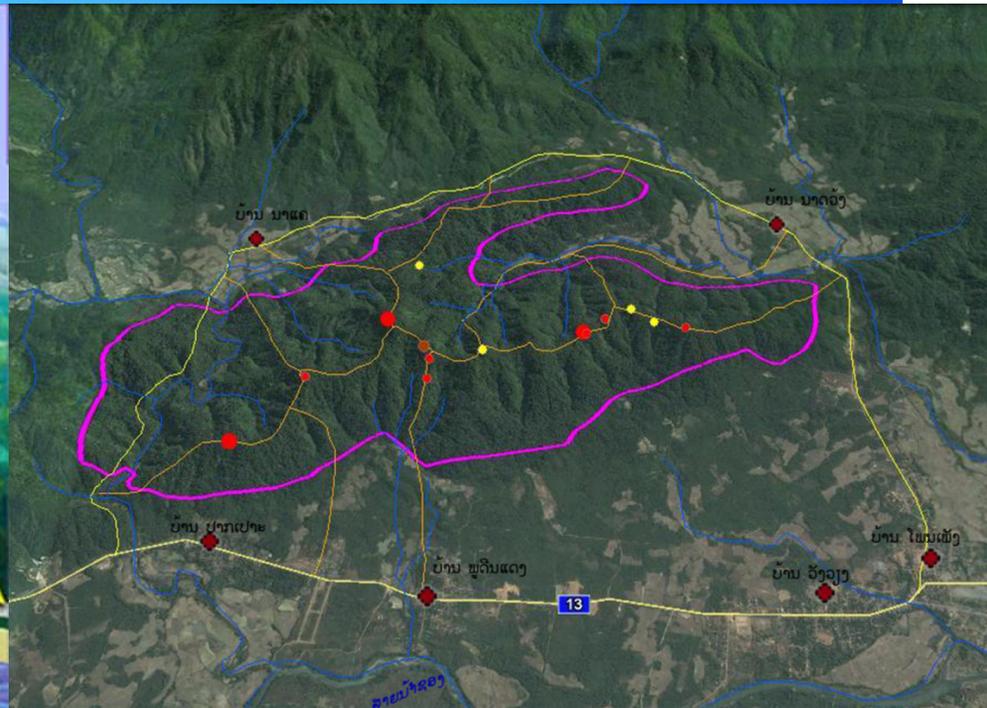

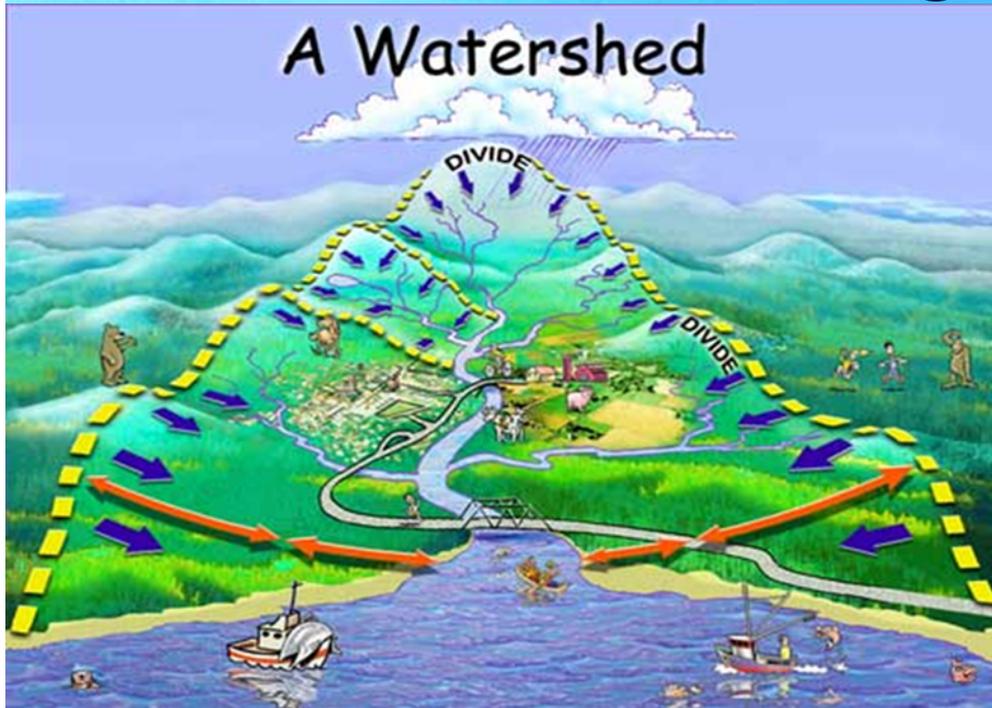

the Government of Lao PDR realized that there should be a national demonstration site or national training center, which will be the first center serving for integrated water resources management in the Lao PDR.

National Demonstration Site On Integrated Water Resources Management

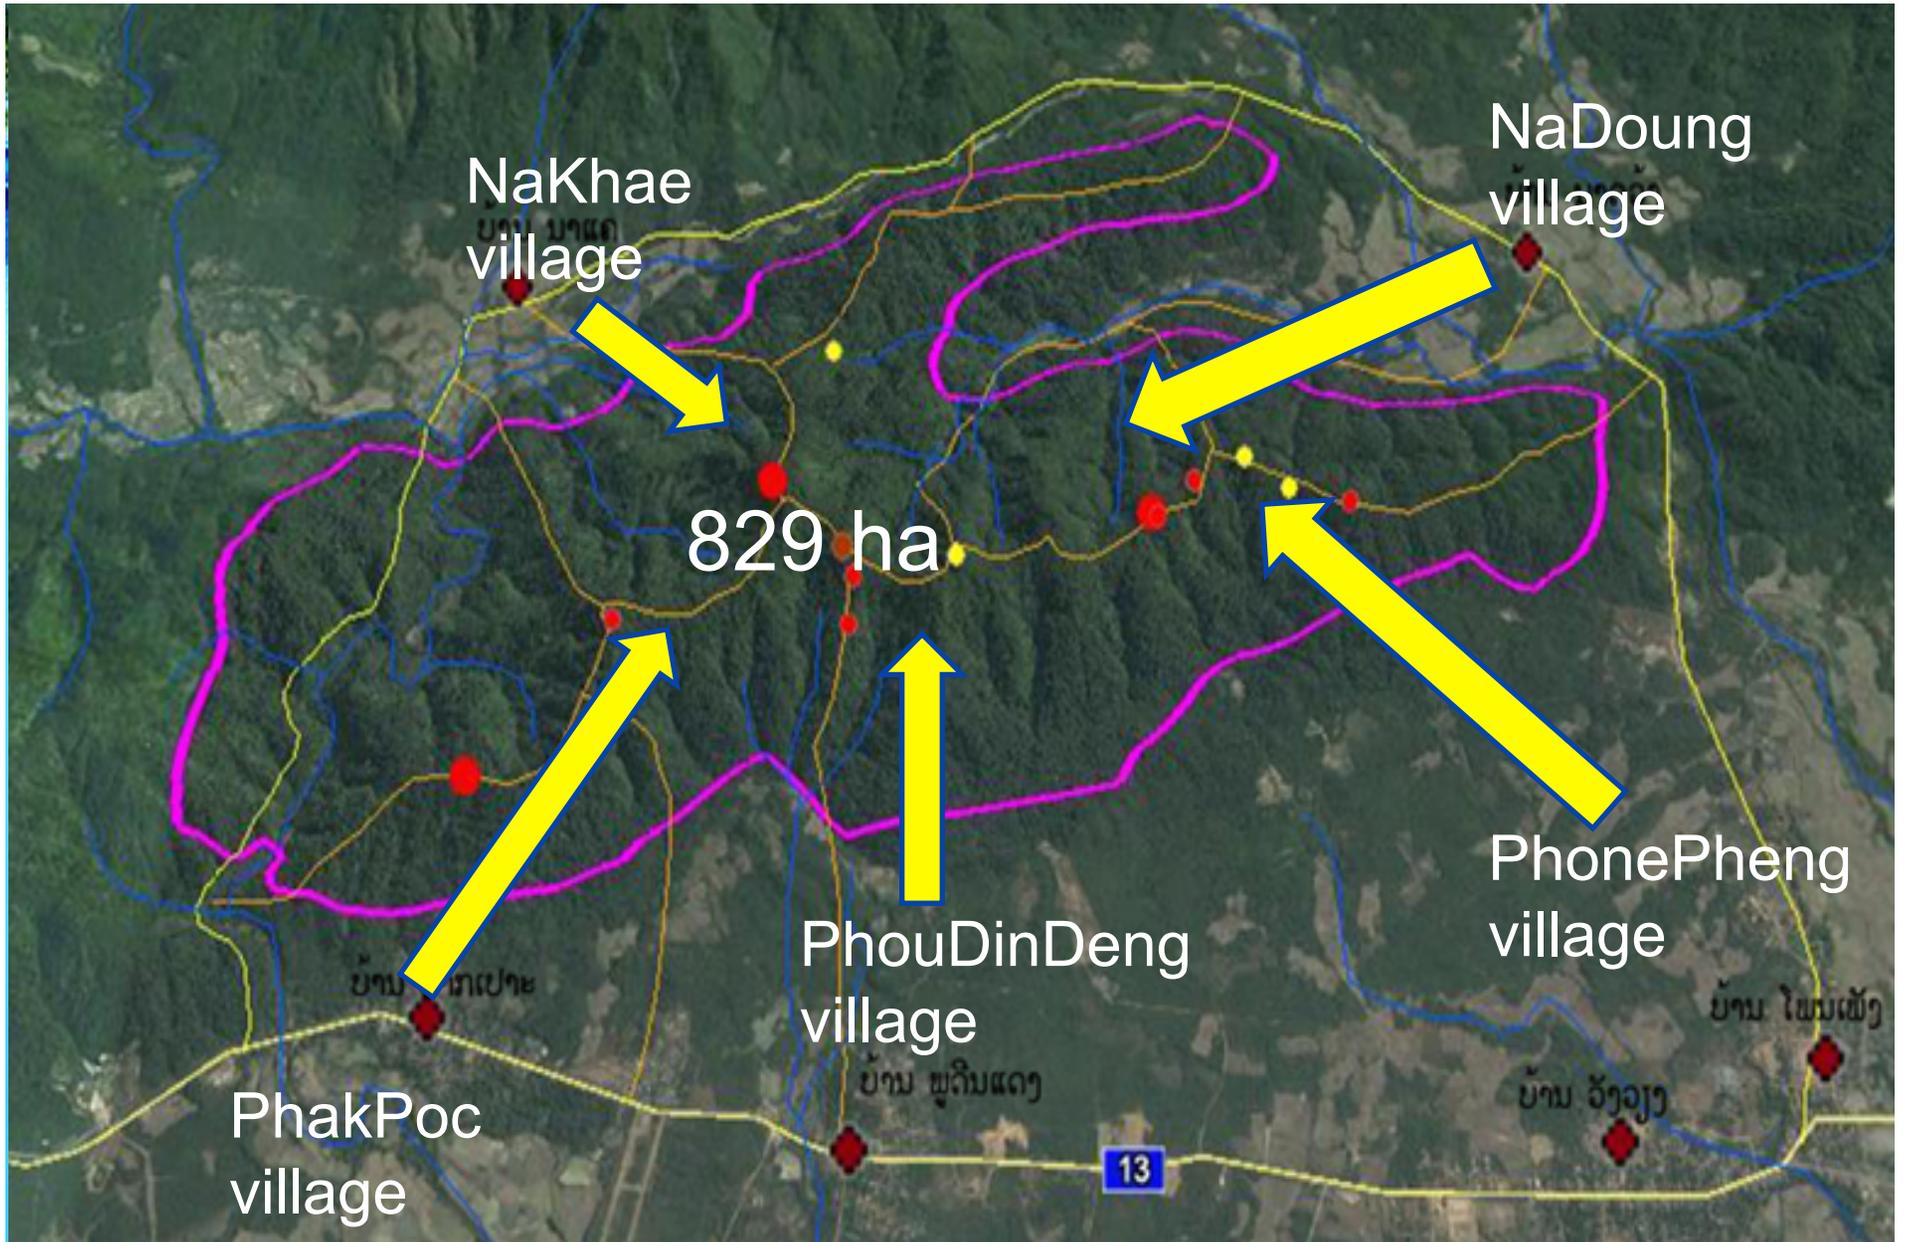

This center will serve for trainings, practice and research site for students, study tour and exchange program site, awareness raising site etc..

National Demonstration Site On Integrated Water Resources Management

The trainees or beneficiaries will gain knowledge and skills on the integrated water resources management, which can be adopted and applied in the areas in the whole country.
